

Danny's Music

Rule # 2

This is the part where the vocals start

This is the place where I come in

I'll tell you what to how to live and the shape you're in

I'm an influencer, enlightened that's true

But don't you worry I'll tell you what to do

And if you believe all of that, you better check and see what's under your hat

We're not all the same, don't you play the game
